# CHILDREN'S HOSPITAL AID SOCIETY (CHAS)

CHAS, also known as the Children's Hospital Aid Society, is a volunteer-based organization consisting of 75 women who are dedicated to improving the health and wellbeing of children and young adults in Calgary and the surrounding areas. As the oldest charity in Alberta, CHAS has been operating since its founding in 1908, with a continued focus on children's welfare for 115 years.

To fund various programs and projects aimed at supporting children's health in the community and at the Alberta Children's Hospital, CHAS organizes signature fundraising events. The society ensures that all donations and profits from these events are directed towards initiatives that benefit children's health by covering its administrative costs of 3.5% through annual member dues and casino funds.

## THE EVENT

CHAS is proud to announce that our 42nd Annual Charity Golf Classic will take place on Thursday, August 15, 2024, at the scenic Silver Springs Golf and Country Club. This event has been a beloved tradition for over four decades, and we are excited to continue it for yet another year.

The golf classic promises to be a fun-filled and memorable day, with CHAS volunteers working hard to ensure that all participants have a great time. Participants can look forward to a well-organized tournament with exciting prizes, including hole-in-one contests and other fun activities throughout the day.

## THE CAUSE

CHAS is pleased to announce that net proceeds raised will be allocated to the redesign and rebuild of three playgrounds at the Alberta Children's Hospital, located at the front and backyard of the main hospital, and the Rotary Flames House.

New and improved playground spaces will demonstrate the long-standing campus-wide commitment to patient and family-centred care and further solidify the Alberta Children's Hospital as a world-class pediatric healthcare centre.

These critical new spaces will enhance physiotherapy, occupational and rehabilitation services while providing overall wellness and socialization opportunities for patients and families at the hospital.

Funds will also go towards other projects assisting youth in our community.
